## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 18, 20-22, 25, 45-47, 49-50 allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

Regarding claim 18, the prior art fails to disclose or make obvious an illumination system for illuminating an SPR sensor surface having therein a conducting layer having a two dimensional array comprising rows and columns of light sources, wherein light sources in the same row provide light at a different wavelengths; a collimator that directs light from each light source in a collimated beam of substantially parallel light rays so that the light is incident on the SPR sensor surface; and a light source controller controllable to turn off and turn on a light source in the array independent of the other light sources in the array, and in combination with the other recited limitations of claim 18. Claims 20-22, 25, 45-47 are allowed by the virtue of dependency on the allowed claim 18.

Regarding claim 49, the prior art fails to disclose or make obvious an illumination system for illuminating an SPR sensor surface having therein a conducting layer having a two dimensional array comprising rows and columns of light sources, a collimator that directs light from each light source in a collimated beam of substantially parallel light rays so that the light is incident on the SPR sensor surface; and a light source controller controllable to turn off and turn on a light source in the array independent of the other light sources in the array, and in combination with the other recited limitations of claim 49. Claim 50 is allowed by the virtue of dependency on the allowed claim 50.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
